Week 2: Set 2 - Cards 1-5

Introduction

For those of you who have not tried CardED before, CardEd is a simple and easy-to-use resource, designed to develop and reinforce a range of knowledge and skills and suitable for children across a span of age ranges.

During these Covid-19 school closures, Dumond has made our entire CardEd range FREE to download from our shop. This includes sets 1 - 4 cards, the accompanying activity guide, our CardEd Workbooks, and our CardEd apps (available to download in the Play Store now).

To support you in using the cards at home, we will regularly post a card together with activity suggestions and ideas suitable for children of a mix of ages. Some of the thinking challenges in our CardEd Workbooks may even stump parents and carers!

To begin with, familiarising yourself with the CardEd layout is helpful (see next page). CardEd cards are divided into 6 zones, and I relate the activities to particular ones. If you would like further suggestions for using the cards, our accompanying Bumper Activity Guide is packed full of general ideas.

You will notice the tasks are suitable for children of various ages. You may find your older children enjoy undertaking some of these activities with their younger siblings.

In addition to being useful for upper primary children, our CardEd Workbooks are a brilliant resource for students learning English as an Additional Language (EAL).

In this download, I include 5 cards from CardEd Set 2. To break up time between lessons and introduce a bit of fun, why not try some of the challenges on the following pages? As a bonus, you will boost language, mathematical and thinking skills!

CardEd Layout

All CardEd sets have the same layout with 6 zones as shown below.
